Logesh K

Computer Science Student | Building Skills in Java, DSA & SQL |
Aspiring Software Developer
Coimbatore, Tamil Nadu, India

Summary

I am a Computer Science student with a strong interest in software
development and problem-solving. I am currently building a solid
foundation in Java, Data Structures & Algorithms, and SQL, with a
focus on writing clean, efficient, and scalable code.

I actively practice coding concepts and apply my learning through
hands-on exercises and projects. I enjoy breaking down complex
problems into simple solutions and continuously improving my logical
thinking skills.

I believe in consistent learning, practical implementation, and
continuous self-improvement. I am eager to gain real-world
experience through internships, collaborative projects, and
mentorship opportunities in the software industry.

Technical Interests: Java, DSA, SQL, Software Development
Mindset: Learner • Problem Solver • Growth-Focused
GitHub: https://github.com/logesh2203

Open to learning, guidance, and opportunities that help me grow as
a software professional.

_____

Education

Dr.N.G.P. Institute of Technology.
Bachelor of Engineering (B.E.), Computer Science and Engineering · (August
2024 - 2028)
